5. Applicants should be from different affiliate centers.

Since some of the roles require some knowledge of finance and accounting, membership with accountant qualifications will be an added advantage.

Note: Only persons from different centers will qualify; we cannot have all nominated members from one affiliate center. Supervisory committee membership is open to all members provided one is not a member of the Board.

The Nomination Committee will verify the candidates, particularly in accordance with the above requirements, and publish the names of all the nominated candidates to allow for public (members) participation in determining the final names of candidates to be presented for election in the AGM. We are calling members to support in this exercise.
